This is a purely vegetable compound, prepared on strict ly scientific principles, after the manner of the celebrated Holland Professor, Beerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this neighty country. Besting with great success among them, I now offer it to the American public, knowing that its truly wonderful modicinal virtues must be anknowledged. truly wonderful medicinal virtues must be acknowledged.
